

Norwegian Aqua | Leonardo Class Ship

The Ship

Norwegian Aqua will be NCL's newest cruise ship. It stands over 1000 feet long and over 156,300 tons. She is 10% larger than her sister Prima Ships. NCL replaced the race track with the worlds first hybrid features a roller coaster and water slide all in one . This ship will feature the largest HAVEN complex. This is a private area of the ships with the best amities and services.
